

Cloverdale United District

Regarding: James Pennington

I have known James for seven years. He played for the Cardinal Newman Football team between 2009-2011. He was a great person to coach. A person who worked hard every day and made the most of his abilities as a player. He was also a respected teammate and had many great leadership qualities. James is a person who we still talk about today when talking about being a good teammate.

I also had the honor of coaching with James for 3 seasons. He impressed me with his knowledge of the game of football. He also had a wonderful delivery in coaching players. He was a person born to coach and teach. James has the ability of building relationships with young people through trust and hard work.

James would be a great addition to our school. In my opinion he is ready to be a great teacher and Varsity Head Coach

Thank you,

Paul Cronin  
Cardinal Newman High School  
Teacher, Asst Athletic Director and Head Football Coach
